SCCCC | UNIT 19 PRESIDENT BUILDINGS |

Know someone worried about keeping warm this winter?
Our advice would be heat a room not the whole house
Looking for a helping hand to make these changes ?

If so we can help

Our team can help to:

- Move furniture into or out of a room
- Move furniture away from radiators
- Change summer curtains to winter ones
- Change summer duvets to winter duvets (if stored and difficult to retrieve)
- Retrieve stored blankets and warm clothes from hard to reach areas
- Collect small white goods such as microwaves/heaters purchased by the service user. (we can also purchase on the person's behalf if they have the funds)
